For Self-Referencing System for
Light Gauge Images **ATTN: LICENSING AND REVIEW**

RESPONSE TO REQUIREMENT

The Commissioner of Patents & Trademarks,
Washington, DC 20231

S I R:

This communication is in response to the Requirement for
Statement under §305(c) of the Aeronautics and Space Act dated September 23,
2002. Applicant respectfully submits that the required Statement was filed in
response to a Notice dated June 24, 2002. In particular, applicant submitted a
statement by the inventor (in the form of a declaration as provided by 37 CFR
1.68) setting forth the full facts concerning the circumstances under which the
claimed invention was made and conceived, including that the claimed invention
was not first conceived, first built or first successfully tested in accordance with
any work under any contract of the National Aeronautics and Space
Administration and does not have any known relationship to the performance of
any work under any contract of the National Aeronautics and Space

Administration. This is verified by the enclosed photocopy of the post card receipt showing that a Response to Notice and a NASA Declaration were received by the USPTO on July 30, 2002 in connection with the present application.

Accompanying this response is a true copy of the previously submitted Declaration as well as a copy of applicant's entire response to the Notice dated June 24, 2002. A copy of the September 23, 2002 Requirement for Statement Under §305(c) of the Aeronautics and Space Act is also included herewith.

In view of the above, it is submitted that the present application is appropriate for examination. An action on the merits is awaited.

Respectfully submitted,

10/21/02

ATTN: LICENSING AND REVIEW

RESPONSE TO NOTICE

Assistant Commissioner for Patents,
Washington, DC 20231

S I R:

RECEIVED
OCT 31 2002
LICENSING & REVIEW

This communication is in response to the Notice dated June 24, 2002, which indicated that the subject matter of the present application appears to "have significant utility in the conduct of aeronautical and space activities." Accordingly, applicant submits herewith a statement by the inventors (in the form of a declaration as provided by 37 CFR 1.68) setting forth the full facts concerning the circumstances under which the claimed invention was made and conceived, including that the claimed invention was not first conceived, first built or first successfully tested in accordance with any work under any contract of the National Aeronautics and Space Administration and does not have any known relationship to the performance of any work under any contract of the National Aeronautics and Space Administration.
